

Call for Submission of Photography

Category Theme: Rehabilitation in Action

The editors invite submission of original high quality color photographs illustrating interesting aspects of rehabilitation in action.

Photographs should be submitted via email attachment to journal@physiatry.org

The following file formats containing images can be submitted via email attachment: .JPG, .TIF, .PDF, .ZIP, .PPT, .DOC

Preference for image resolution is 300 dpi (as shown in the file properties window).

In the email include (1) the name of the photographer (2) permission to publish the photograph (2) any caption information about the content of the photo (3) location and name of any rehabilitation center or institution (4) contact information.

Photographs depicting patients should be accompanied by an appropriate photo release or letter signed by the patient granting permission to publish. Any supporting documents should be sent as email attachments.

Submitted photographs will be considered for publication generally in the order received. Not all photographs can be published. All communication will be via email.
